中国联合展台 在线平台

China Pavilion Online provides online exhibition and transaction services for Chinese and foreign audiovisual industries, expands the supply of international content with Internet thinking, promotes people-to-people connection with radio and television audiovisual advantages, and creates a never-ending Chinese Pavilion.

The platform, effectively responding to the impact of the global epidemic, provides online exhibition and exchange services for Chinese and foreign audiovisual institutions, audiovisual programs and technical equipment, and further facilitates and internationalizes cultural exchanges, mutual learning and media cooperation between China and foreign countries.
